

CUSTOM FORMULATION POUCHES

Everything you
need to create a flavor
that's uniquely your own.

Furmano's development
team can produce a custom
formulation just for you.

Furmano's can create products designed specifically for your
unique foodservice needs. Whether your goal is to create
a new flavor profile, match an existing one, or combine
ingredients into one formulation - our corporate chef,
working alongside a complete R&D team, is ready to deliver.

FURMANO'S
GREAT TASTE IS A FAMILY TRADITION

Your recipe for foodservice flavor.

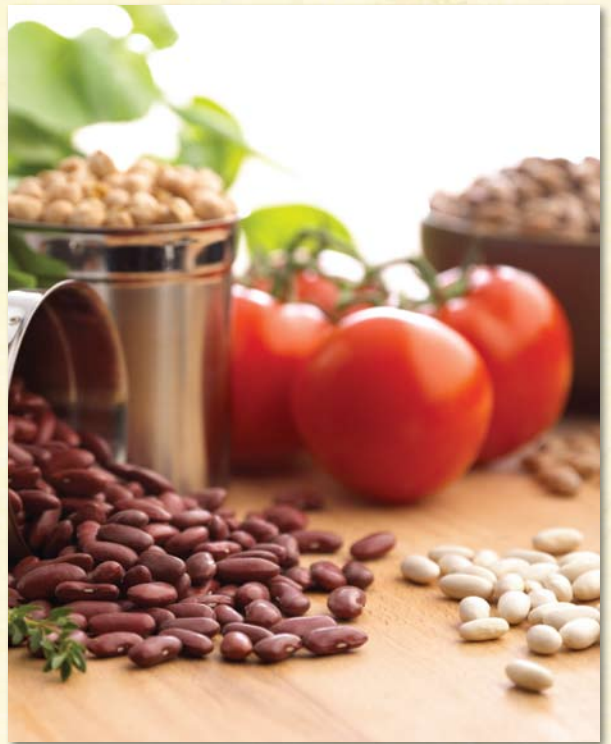

Flexible and quality-driven, Furmano's strives to meet the unique needs of every customer through:

- Custom Product Development
- Custom Packaging
- Smaller Minimums
- Quicker Turnarounds

Let us create a custom formulation for you.

Then package your unique flavor in an efficient, environmentally friendly pouch.

- Shelf-stable pouched products preserve more of the food's naturally delicious flavor and texture without refrigeration.
- Flexible pouch packaging is easier to open and safer to handle.
- Pouch packaging has less potential for damage if dropped.
- Compared to conventional packaging, pouches have less packaging material to throw away - less bulk in the dumpster.
- Lighter pouch packaging can provide lower shipping and storage costs.
