

Bulk Shipping Bins

Go Lean With Pouch Beans Disposable Bulk Bins

- **Save on packaging weight:** An average 2,500 LBS of packaging saved per truckload.
- **Trim down your labor: No can opening, crushing** (easy tear open pouch, lays flat in dumpster, or use a recycling partner).
- **Trim down your waste: reduce disposal weight and costs** (pouches weigh 0.078 ounces compared to 9.95 ounces per can) Disposable corrugated bulk pouch bin is fully recyclable.
- **Trim down product contamination exposure:** (increased food safety with no can opener needed).

**Receive: 3,176 lbs. of Extra Beans
(net wt) per Truckload**

(without the packaging weight and waste)
